

2019 SUMMER PROGRAMS

Dynamite Dinosaurs

June 24-28, 9:15 am-1:15 pm

Let's get prehistoric by doing all things dinosaur! We will read books, play games, make crafts, and even eat snacks that are all dinosaur themed! The kids will even get to dig for dinosaur bones!

Super Scientists

July 1-3*, 9:15 am-1:15 pm

In this three day session, kids will become super scientists! We will do two experiments each day and make science related crafts. We will get creative with our snacks to make edible rocket ships, planets, and more!

Art and Music

July 8-12, 9:15 am-1:15 pm

Have fun learning about famous artists and creating artwork inspired by their styles! We will also explore several different instruments throughout the week and sing songs.

Kindergarten Readiness

July 15-19, 9:15 am-2:15 pm*

This program is designed to help incoming kindergarteners transition from preschool into a more academic learning environment. The curriculum will focus on following directions, developing important pre-reading and pre-writing skills, learning to rotate in groups, and working independently in literacy and math centers. The lessons will follow an animal theme for the week.

Oh, The Places You'll Go!

July 22-26, 9:15 am-1:15 pm

Trains, planes, cars, and more! We will read books about various ways to travel and create transportation themed crafts. We will sing songs and play games that help us learn more about different types of transportation each day!

Each week themes will be explored through crafts, snacks, stories, and games. The children will spend some time playing outside in our large fenced playground as weather permits and can escape the heat in our air-conditioned classrooms. GPNS provides daily themed snacks, but families must send a packed lunch each day.
