Supernote A6 Agile	Cutting-edge E-note device that combines conventional handwriting and reading with advanced technology. The stylus really sets the SuperNote A6 apart from competitors such as the Remarkable and Sony Digital Paper. The stylus actually looks like a ballpoint pen, which you can click on the top to retract the stylus. (This is really useful if you are traveling and don't want then nib to scratch anything that is in your case, purse, messenger bag or whatever you use to transport your device.) When interacting with the screen, there is a high degree of torque, which is the closest anyone has ever gotten to writing on real paper. The 7.8 screen is using E Ink Carta HD and Mobius. The overall resolution is 300 PPI and underneath the hood is a IM6 Solo Lite single core processor, 1GB of RAM and 32GB of internal storage. There is also 32GB of Cloud Storage to house all of your digital notes. Winner will receive a free felt case and a stylus. Winner will be contacted after auction to arrange safe pick-up or delivery of the item.	iQoods	Electronics	400
